

PUNE DISTRICT ECO-CLUB ACTIVITIES

Mission LIFE • Lifestyle for Environment

Submitted to: District Education Officer, Pune

Date: April 24, 2026

As per: Government Resolution dated 09 February 2026

1. EXECUTIVE SUMMARY

This proposal outlines a comprehensive digital platform to monitor, track, and celebrate EcoClub activities across 2,340+ schools in Pune district. The system provides Prabhagwise segregation for Pune Municipal Corporation (PMC) & Pimpri-Chinchwad Municipal Corporation (PCMC), and taluka-wise tracking for rural Pune.

Objective: Achieve 100% compliance with Mission LIFE guidelines through realtime digital logging, hierarchical monitoring, and data-driven recognition of top-performing ecoclubs.

2. CURRENT CHALLENGES

Issue	Impact
Manual Reporting	Delayed, inconsistent activity logs submitted via paper/email
No Prabhag-level Data	PMC/PCMC officers lack ward-wise visibility of 85+ Prabhags
Limited Verification	No photo evidence or timestamp validation of activities
Recognition Gap	Top-performing schools not identified or rewarded systematically

3. PROPOSED DIGITAL FRAMEWORK

3.1 Platform Architecture

- **School Level:** Coordinators log activities with date, description, student count, photo evidence
- **Prabhag Level:** Ward Officers monitor 85+ PMC Prabhags + PCMC wards via dedicated dashboards
- **Block Level:** Block Education Officers oversee rural talukas: Mulshi, Maval, Haveli, etc.
- **District Level:** DEO accesses district-wide analytics, generates compliance reports

Key Features

Feature	Description	Benefit
Digital Activity Logging	Mobile + web form for 10 mandated activity categories	Real-time data, zero paper trail
Photo Evidence Upload	Geo-tagged images with timestamp for each activity	Prevents false reporting
Prabhag-wise Dashboard	Auto-segregated data by PMC/PCMC ward numbers	Targeted interventions by Ward Officers
Real-Time Analytics	Charts showing completion rates, participation trends	Data-driven decision making
Auto-Scoring System	Points for frequency, student participation, diversity	Objective ranking of eco-clubs
Compliance Alerts	SMS/Email to schools missing monthly targets	Proactive follow-up

4. MANDATED ACTIVITIES TRACKED

As per MoEF&CC Mission LIFE guidelines, schools must conduct monthly activities across:

1. **Energy Conservation** - LED campaigns, electricity audits
2. **Water Conservation** - Rainwater harvesting, leak detection drives
3. **Waste Management** - Segregation, composting, plastic-free drives
4. **Biodiversity** - Tree plantation, medicinal gardens, bird watching
5. **Sustainable Transport** - Cycle rallies, carpool awareness

6. **Healthy Lifestyles** - Millet awareness, organic farming
7. **E-waste Management** - Collection drives, awareness sessions
8. **Single-Use Plastic Ban** - Cloth bag distribution, enforcement
9. **Green Skills** - Workshops on solar, composting, upcycling
10. **Community Outreach** - Rallies, street plays, neighborhood clean-ups

Monthly Target: Minimum 2 activities per school, 50+ students engaged

5. STAKEHOLDER ROLES

5.1 School Eco-Club Coordinators

- Log activities within 48 hours of completion
- Upload 3-5 geo-tagged photos per activity
- Maintain student volunteer roster
- Target: 80%+ monthly compliance

5.2 Prabhag/Ward Officers (PMC & PCMC)

- Monitor 10-15 schools per Prabhag
- View ward-level heatmaps of activity frequency
- Identify inactive schools for intervention
- Generate monthly Prabhag reports

5.3 Block Education Officers (Rural)

- Oversee 1 taluka: 50-150 schools
- Compare performance across talukas
- Coordinate inter-school competitions

5.4 District Education Officer

- District-wide dashboard: 2,340 schools, 48,500 students
- Export compliance data for state reporting
- Recognize top 5 schools per month with certificates

6. IMPLEMENTATION TIMELINE

Phase	Duration	Milestone
Phase 1: Pilot	Month 1-2	50 schools across 5 Prabhags + 2 talukas
Phase 2: PMC/PCMC Rollout	Month 3-4	All 85+ Prabhags onboarded, training complete
Phase 3: Rural Expansion	Month 5-6	All 13 talukas live on platform
Phase 4: Full Adoption	Month 7+	100% compliance, monthly awards initiated

7. EXPECTED OUTCOMES

1. **90%+ Monthly Reporting Compliance** vs current ~40%

2. **Ward-level Accountability** - Each Prabhag Officer owns data for their schools
3. **48,500 Students Engaged** tracked with evidence
4. **600+ Activities/Month** digitally logged with photos
5. **Data for Policy** - Identify which activities work, which Prabhags need support

8. TECHNICAL SPECIFICATIONS

- **Platform:** Web + Mobile responsive, works on 2G networks
 - **Languages:** Marathi, Hindi, English interface
 - **Data Security:** State government servers, role-based access
 - **Offline Mode:** Log activities offline, sync when online
 - **Integration:** Export to UDISE+, Mission LIFE national portal
-

9. BUDGET ESTIMATE

To be filled by implementing agency

Item	Cost
Platform Development & Hosting	₹ --
Training: 2,340 School Coordinators	₹ --
Training: 100+ Ward/Block Officers	₹ --
Annual Maintenance & Support	₹ --
Total Year 1	₹ --
